CHALLENGE

*Every man has within him the ability
To do great things
His touchstone is challenge.
No matter what his field of endeavor
A man must measure himself
Against the demands
Of his world.
To rise to the challenge... ultimately this
Is the reason men
Build bridges , climb mountains
And do a thousand other things
That manifest personal
Achievement and satisfaction
In this spirit the founders
Started with one extrusion machine
In 1976
And become
TECHNO GROUP*
